

CONDADO DE ALMARA RESERVA TEMPRANILLO CABERNET SAUVIGNON NAVARRA

Tempranillo (70%) & Cabernet Sauvignon (30%) maturation 14 month in American oak barrels, and 12 months ageing in the bottle.

The Reserva is an intense and aromatically complex wine, with a long ending. The nose is strong and complex, with black fruit which also appears in the mouth. The cassis aftertaste is long-lasting, and the wine also has a hint of tannin, which gives it a richer flavor.
