

## LOS CLOP CHARDONNAY

A golden ray of sunshine in a glass, this new wave Argentinian Chardonnay is clean and fresh with a lively tropical fruit and citrus flavor.

Los Clop's grapes are grown in the high altitude, cooler Andean region of Mendoza, more specifically in the Maipú area, where Chardonnay has adapted exceptionally well. Our new favorite from this bodega, it's quite a different style from the popular butter-on-toast Chardonnays.
